PREFACE

Canton is located in the Western part of North Carolina in the heart of the Great Smoky Mountains, and in the East Central section of Haywood County on Highways 19-23 at Junction of State Highway 110, intersecting with Highway 276 going to Pisgah and the Pink Beds.

The city is protected from extreme temperature in winter and summer by the nearby mountain peaks that rise thousands of feet in height. It enjoys a year round climate that is unexcelled anywhere. The difference between the mean July temperature and that of January is only 33.5 degrees, while the difference between the annual mean temperature and that of July is only 17.1 degrees. Canton is also protected from the storms of the Middle Western Plains. The summer nights are cooled by the mountain breezes and the temperature frequently ranges as low as 20 degrees lower than that of midday.

The average date last killing frost in spring is April 15th; average date first killing frost in fall is October 20th.

GOVERNMENT

The Town of Canton has been under the City Council form of Government since its incorporation. There is a Mayor and three members of the Board of Aldermen. An efficient police force is maintained, and the town is protected from fire by a volunteer department.

The Town of Canton was first known as Pigeon Ford, until 1891, when it was incorporated as "Pigeon River" and in 1905 the charter was amended to "Town of Canton".

EDUCATION AND RELIGION

The Town of Canton has six substantially built schools, five graded and one High School, all for white, one colored school, grades and High School, (all having the highest state rating), and a number of churches representing the following denominations: Methodist, Baptist, Presbyterian, Episcopal, and Holiness. There are also three churches for colored.

Recreational and vocational training can be obtained through the Champion Y.M.C.A. There is a Branch of Columbia University located near Canton known as Springdale Schools, Inc.

RECREATIONAL

Within a radius of a few miles is located Lake Junaluska, the vacation and conference center of the South for Southern Methodists, and Lake Logan, where large acreage is given over to hunting and fishing, general camping and outings. Camp Hope, which has been operated by the Champion Y.M.C.A. for several years and which is located within a few miles of Canton, is undoubtedly one of the best camps in this

section of the state, having all modern facilities, and continues under the supervision of the Champion Y.M.C.A., which bosts a membership in excess of three thousand.

INDUSTRY

Canton is essentially the "Home of Industry". It has within its boundaries one of the largest pulp and paper plants in the world, owned and operated by the Champion Paper & Fibre Company. The daily output of the plant is 525 tons of Sulphate Pine Pulp, 160 tons of Hardwood Pulp, 420 tons of Paper, 180 tons of Paperboard, 55 tons of Caustic Soda, 25 tons of Tall Oil, 1,000 Gallons of Turpentine and 83 tons of Chestnut Tannin Extract. There is 130 to 135 freight cars moving in and out of the mill daily. Mineral resources are rich and varied. Chief among these is Kaolin, Feldspar. Gold, silver and copper ores are found in the county. A large supply of lumber for industrial uses is available from the surrounding forests and within easy reach of Canton.

FARMING AND MARKETING

The country surrounding Canton has many excellent farms and orchards, and a large number of dairies, which rate very high. A ready market is available for all farm and dairy products in this section.

TRADE AND COMMERCE

Canton is the trading center of approximately 12,000 people living in Haywood and adjoining counties. The county population is 34,703 of which 33,808 is white and 895 negro. The labor supply of Canton is high class workers, intelligent, tractable, readily trained, and are 98 per cent native.

WATER AND TRANSPORTATION

The water supply of Canton is derived by gravity from mountain springs and streams. This water is of the finest quality, and is unlimited and dependable, and for emergencies a pressure and pump filter plant is maintained which is capable of furnishing a daily output of two million gallons of water. This water shows an analysis of approximately 100 per cent pure.

Canton is served by the Southern Railway, which has been here since about 1887. Canton has a complete system of paved Highways, assuring up-to-date bus and freight transportation.

(•)—Before name denotes home-owner.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at reguar rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Farmers Urge That Smith Be Retained As County Farm Agent

Leading Farmers Present Petition To Commissioners

Demand That County Commissioners Refuse To Retain Smith Because He Declined To Donate $300 To Democratic Campaign

Waynesville — That the county commissioners have refused to retain W. D. Smith, county farm agent because he declined to contribute $300 to the Democratic campaign fund in 1936 is currently reported and believed by 50 per cent of the farmers, according to W. B. Francis, who spoke to the board Monday morning in Mr. Smith's behalf.

Folks who have been here a week-end, Monday, bringing a petition with 1,000 county farmers signed, asking the county commissioners to retain Mr. Smith. Mr. Francis presenting the petition in behalf of the farmers, talked for nearly an hour, stating that the people were ready to be rid per cent, but have duty and

Among the many reasons given, as set out by Mr. Francis and others for retaining Mr. Smith were the building up of the dairy industry, the appearance of the fine spring of purebred registered Holstein cattle, the splendid cooperation of farmers of the soil conservation program.

All of the county commissioners — A. Lance, J. R. Allison, T. S. Clarke, C. C. Medford, T. T. Boyd, Glenn Palmer and Grover C. Rogers—were present and gave their attention in what was said. At a meeting of the board the last Monday in June, W. Haley Patton, a man of one of the best communities, was elected farm agent, his appointment was given a unanimous and refused to accept Mr. Smith, employment, but made no statement as to whether or not he would accept same if the office should be offered him. The commissioners adjourned without taking any action, but it is understood that the petition will be presented at the next session.

Mr. Smith has been the farm agent four years and almost every county appointed would be retained.

Tax Collections To Be Enforced

Endorsement of collection of all delinquent taxes by Sheriff Clarence Caldwell and the County Commissioners, and that not more than 10 per cent and any prior claims, will be made after the first day of July, according to instructions from the Haynes and Inscoe Act of 1935, and enforcement by the tax collection law, was voted.

Legal notice and notice to the public of the forthcoming sworn statement of all property owned, and to be listed for taxation, was ordered published in the county newspaper.

Lapse of time for listing property for taxation, notwithstanding many of the property owners have completed, and to be completed, and to be listed property in July 1st, was considered.

Listing of personal property was urged to make payment before the 15th of October, in order to save cost of collection.

Discussion as to the only source on which the County Relief Fund can be met, was made. The percentages are $8.3 Negroes and 69.1 whites.

Enterprise Sports New Dress

Figuratively speaking, the Enterprise makes its debut this week sporting a new amateur dress and, literally speaking, the Enterprise appears this week in print on a new and better paper. It's real fine to get good or bond of readership Mr. Smith Crabtree and Jim Duff newspaper, for the paper cost, but turn duty and
